Welcome to GlobalHealth
MEMBER MATERIALS
Make the most of your benefits by going to www.globalhealth.com/fehb to download information including:

- FEHB Brochure
- Drug Formulary
- Physician and Health Providers Directory
- Summaries of Benefits and Coverage

Printed copies are available upon request by calling Customer Care.

It is important to know when you enroll in this Plan, services are provided through The Plan’s delivery system, as described in the Plan’s Federal brochure, but the continued participation of any one doctor, hospital or other provider cannot be guaranteed.
NETWORK PROVIDERS

Our provider network includes top-quality providers, hospitals, and pharmacies throughout Oklahoma. It is important to stay in network in order to keep out-of-pocket costs low and avoid being balance billed.

Visit www.globalhealth.com/search to find out which physicians and facilities are in our network.

When using our online provider search, select the options you are searching for, and click “FIND PROVIDERS”. Your search results will appear and look similar to the below result.

*Your network is the GlobalHealth Federal Employee Network.

Download Our Mobile App
Visit www.globalhealth.com/mobileapp to easily access our provider search and to access benefits, wellness topics and GlobalHealth contact information.
Always start with your PCP. $0 copay.

Your PCP will coordinate and manage your medical care including preventive care and referral requests if specialty care is necessary.

Specialist visits require referrals.

When appropriate, your PCP will submit a referral on your behalf for specialty care. A preauthorization from GlobalHealth is required. Do not make an appointment until you receive the authorization letter. The specialist may submit referrals for procedures and follow-up care after the initial visit.

Hospital visits require referrals.

A referral and preauthorization from GlobalHealth are required for scheduled stays. You may only go to a hospital in the network except in an emergency.* You do not have to obtain preauthorization for emergency services or stays in connection with childbirth. If you obtain other services without an authorized referral, you will be responsible for the costs. You may go to any emergency room, but you may be balance billed if you choose an ER that is not in-network.

Emergency Care.

Let your PCP & GlobalHealth know within 48 hours of being seen. We may arrange to transfer you to an in-network hospital if you are admitted to an out-of-network hospital from ER.

BALANCE BILLING BY AN OUT-OF-NETWORK PROVIDER

Balance billing occurs when a provider bills you the difference between its billed charge and the total amount the provider received from your cost-share and our usual and customary reimbursement for approved covered services. In-network providers may not balance bill you. Out-of-network providers may balance bill you and you will be responsible for the difference between our payment and the provider’s billed amount.

Special Situations

We maintain a comprehensive network of providers. As a general rule, you must receive care from providers within our network. However, there are some limited situations in which you may see an out-of-network provider. We pay usual and customary reimbursement. You could be balance billed:

- If you must seek urgent care when out of our service area.
- If you are treated for emergency services while out-of-network.
- If we do not have a provider in our network to take care of your condition and we authorized a referral to an out-of-network provider.
- If we have authorized services or treatment at an in-network facility and you receive ancillary services or treatment from an out-of-network provider.
- If we have approved you to see a provider through the continuity of care or transition of care process.

If you believe a provider has balance billed you in error, call Customer Care.

*Please Note: Generally, inpatient and certain outpatient services must be preauthorized. You do not have to obtain preauthorization for emergency services or stays in connections with childbirth. If you obtain other services without an authorized referral, you will be responsible for the costs. You must go to a network facility for non-emergency services including childbirth. You may go to any emergency room, but you may be balance billed if you choose an ER that is not in-network.
YOU MAY SELF REFER FOR THE FOLLOWING SERVICES

You do not need preauthorization from GlobalHealth or from your PCP in order to obtain in-network care for the following services:

- **Obstetrical/Gynecological Services and Well-Woman Exams**
  From a healthcare professional who specializes in obstetrics or gynecology.

- **Routine Mammogram**
  From an imaging center.

- **Physical Therapy**
  For an evaluation only from a healthcare professional who specializes in physical therapy. You will need preauthorization for any additional treatment.

- **Routine Eye Exams & Eyewear**
  From a network optometrist & eyewear providers.

- **Behavioral & Mental Health/Chemical Dependency Services**
  Medication management, therapy, and/or psychiatric testing from a healthcare professional who specializes in behavioral health.

- **After-Hours Urgent Care Visits**
  In-network.
URGENT CARE VS. EMERGENCY ROOM

It is important to choose the appropriate place of care when it comes to injuries and illnesses. More than 50% of ER visits could be handled more efficiently in an urgent care*. Urgent care does not take the place of your Primary Care Physician (PCP). If possible, always visit your PCP first for non-life threatening injuries or illnesses.

When it’s an emergency, go to the nearest hospital emergency room and follow these steps:

- Show your member ID card.
- Call GlobalHealth’s Customer Care within 48 hours, ask for Case Management and inform them you were treated in the ER.
- Call your PCP’s office within 48 hours. Tell them you were treated in the ER.
- If you are admitted to an out-of-network hospital, GlobalHealth may arrange to transfer you to a hospital in the network.
- All follow-up care must be provided or arranged by your PCP. Preauthorization by GlobalHealth may also be needed.
- Be aware, an out-of-network provider may balance bill you. An in-network provider may not balance bill you.

GlobalHealth’s Preferred Formulary Drug List

Preferred drugs are listed in the Drug Formulary. It includes generic and brand name medications that are approved by the FDA.

The list of drugs is subject to change.

- New medications may be introduced or a generic may become available.
- Coverage will not be discontinued or reduced for a drug except:
  - when a new or lower cost therapeutic equivalent medication becomes available; or
  - when new adverse information about the safety or effectiveness of a drug is released.
- If we remove drugs from our formulary, add prior authorization, quantity limits and/or step therapy restrictions on a drug, or move a drug to a higher tier, we will notify affected members of the change at least 60 days before the change becomes effective.

If the FDA deems a drug on our formulary to be unsafe or the drug’s manufacturer removes the drug from the market, the drug will be removed immediately from our formulary and you will be notified.
# PRESCRIPTION DRUG BENEFITS

See the Drug Formulary to see what tier your medications are in and what, if any, utilization management restrictions they have. The below cost-shares assume preferred pharmacy. Add $5 per prescription if filled at a non-preferred pharmacy.

General exclusions—services, drugs, and supplies we do not cover.

The exclusions apply to all benefits. Although we may list a specific service as benefit, we will not cover it unless it is medically necessary to prevent, diagnose, or treat your illness, disease, injury, or condition.

We do not cover the following:

• Care by non-Plan providers except for authorized referrals or emergencies (see Emergency services/accidents).
• Services, drugs, or supplies you receive while you are not enrolled in this Plan.
• Services, drugs, or supplies not medically necessary.
• Services, drugs, or supplies not required according to accepted standards of medical, dental, or psychiatric practice.
• Experimental or investigational procedures, treatments, drugs, or devices (see specifics regarding transplants).
• Services, drugs, or supplies related to abortions, except when the life of the mother would be endangered if the fetus were carried to term, or when the pregnancy is the result of an act of rape or incest.
• Services, drugs, or supplies you receive from a provider or facility barred from the FEHB Program.
• Services, drugs, or supplies you receive without charge while in active military service.
• Services, drugs, or supplies you would not be charged for if you had no health insurance.
• Services that you get without a referral from your primary care physician, when a referral from your primary care physician is required for getting that service.
• Services that you get without prior authorization, when prior authorization is required for getting that service.
• Emergency facility services for non-authorized, routine conditions that do not appear to a reasonable person to be based on a medical emergency.
• Personal convenience items, such as a telephone or television in your room at a hospital or skilled nursing facility.
• Nursing care on a full-time basis in your home.
• Custodial care is not covered by GlobalHealth unless it is provided in conjunction with skilled nursing care and/or skilled rehabilitation services. “Custodial care” includes care that helps people with activities of daily living, like walking, getting in and out of bed, bathing, dressing, eating, and using the bathroom, preparation of special diets, and supervision of medication that is usually self-administered.
• Homemaker services.
• Meals delivered to your home.
• Charges imposed by immediate relatives or members of your household.
• Elective or voluntary enhancement procedures, services, supplies, and medications including but not limited to: Hair growth, athletic performance, cosmetic purposes, anti-aging, and mental performance.
• Cosmetic surgery or procedures, unless it is needed because of accidental injury or to improve the function of a malformed part of the body. Breast surgery and all stages of reconstruction for the breast on which a mastectomy was performed and, to produce a symmetrical appearance, surgery and reconstruction of the unaffected breast, is covered.
This is a brief description of the features of the GlobalHealth Federal Plan. Before making a final decision, please read the Plan’s Federal brochure (RI 73-834).

All Benefits are subject to the definitions, limitations and exclusions set forth in the Federal brochure.

GlobalHealth complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex.
