IMPORTANT INFORMATION

This formulary applies to members who enrolled through an employer in any of the following Plan:

- Federal Employees Health Benefits Program

Member Materials

Please read this *Drug Formulary* and your other member materials carefully.

- See your *FEHB Brochure* for how your plan works, including:
 - How to access your prescription drug benefits
 - Exclusions and limitations
 - Deductible, copayments, coinsurance, and maximum out-of-pocket
 - Prescription drug tiers
 - Diabetic supplies
- This *Formulary Drug List for the Federal Employees Health Benefits Program* (“*Drug Formulary*”) lists drugs we cover. It explains what tier a drug is in and any restrictions for each drug. In addition to using this list, you are encouraged to ask your doctor to prescribe generic drugs whenever appropriate.
- See your *Physician and Health Providers Directory* (“*Provider Directory*”) for lists of physicians, facilities, and pharmacies.

Member materials are available on our website. Contact Customer Care for printed copies at no charge. But, be aware that the most current *Drug Formulary* and *Provider Directory* lists are on the website.

This is an important legal document. Please keep it in a safe place.

When this document says “we”, “us”, or “our”, it means GlobalHealth, Inc.

For specific questions about your coverage, please call the phone number printed on your member ID card.

Preferred Drugs

Preferred drugs are listed in this *Drug Formulary*. Drugs on the list are selected based on quality (effectiveness and safety) as well as cost-effectiveness. Doctors and pharmacists have worked together to develop the formulary, which includes generics and brand name drugs that are approved by the U. S. Food and Drug Administration (“FDA”).

For the Member: Generic drugs contain the same active ingredients in the same amounts as brand name products. However, they may be a different color, shape, or size.

For the physician: Please prescribe preferred products and allow generic substitutions when medically appropriate. Thank you.

***THIS DOCUMENT LIST IS EFFECTIVE AS OF THE DATE ON THE COVER.
THIS LIST IS SUBJECT TO CHANGE. You may find the most current list,
including any utilization management requirements, on our website. Contact Customer
Care for printed copies.***

Key

ACA: Affordable Care Act. Those drugs and products available at no Cost-share to the Member with certain criteria because they are part of Preventive Care. Otherwise, you will pay the Cost-share for the Tier shown.

DME: Durable medical equipment that may be purchased at a pharmacy. You pay the durable medical equipment cost-share shown in your *FEHB Brochure*.

DS: Diabetic Supplies. Diabetic supplies that may be purchased at a pharmacy. You pay the diabetic supplies cost-share shown in your *FEHB Brochure*.

LCG: Low Cost Generic. Generic drugs available at the lowest cost. Please note the specific strengths and dosage forms; other strengths and/or dosage forms of these products would be subject to the standard generic cost-share.

PA: Prior Authorization. GlobalHealth requires you or your physician to get prior authorization for certain drugs. This means that you will need to get approval before you fill your prescriptions. If you don't get approval, we may not cover the drug.

QLL: Quantity Limit. For certain drugs, GlobalHealth limits the amount of the drug that we will cover.

ST: Step Therapy. In some cases, GlobalHealth requires you to first try certain drugs to treat your medical condition before we will cover another drug for that condition. For example, if Drug A and Drug B both treat your medical condition, we may not cover Drug B unless you try Drug A first. If Drug A does not work for you, we will then cover Drug B.

*Indicates single source brand product. **Indicates multi-source brand product.

PREVENTIVE CARE INDEX

These drugs are available with no cost-share to you. Drugs listed are based on the recommendations of the U.S. Preventive Services Task Force (“USPSTF”) in conjunction with the recommendations of the Advisory Committee on Immunization Practices (“ACIP”) of the Centers for Disease Control and Prevention (“CDC”) and the Health Resources and Services Administration (“HRSA”). Recommendations, ages, and populations may vary.

The following list of preventive drugs should be used as a guide. A comprehensive listing of drugs is in the Therapeutic List on page 8. Coverage of any of the listed drugs, including over-the-counter (“OTC”) drugs and products requires a prescription from a licensed healthcare provider. The availability or coverage of these drugs without cost sharing may be subject to limitations and exclusions.

This list is subject to change as ACA guidelines are updated or modified.

Immunizations

Covered immunizations include those that are routine vaccines recommended by ACIP and that meet the FDA approved indications for age and/or gender limitations. Coverage also includes non-routine immunizations as designated by the ACIP.

Contraceptive Methods

Preferred Product Offering:

Covered products include OTC contraceptive methods (spermicides, female condom, sponge), barrier methods (cervical cap and diaphragm), generic hormonal contraceptives (oral, patch and injectable), Nuvaring, generic emergency contraceptives and ella, Nexplanon, and the intrauterine devices, Mirena and Paragard.

Expanded Product Offering:

Covered products are all contraceptive methods and include OTC contraceptive methods (spermicides, female condom, sponge, etc.), oral contraceptives (including emergency contraception), and contraceptive devices (diaphragms, cervical cap, skin patch systems, injectable contraception, vaginal ring, intrauterine systems, and implants). In this product offering, brand name contraceptives that have a generic equivalent are available at a zero cost-share only when the prescriber indicates that the brand product must be dispensed.

NOTICE ABOUT NON-DISCRIMINATION

We don't discriminate based on race, ethnicity, national origin, color, religion, sex, gender, age, mental or physical disability, health status, claims experience, medical history, genetic information, evidence of insurability, or geographic location. All organizations that provide Medicare Advantage plans, like our plan, must obey Federal laws against discrimination, including Title VI of the Civil Rights Act of 1964, the Rehabilitation Act of 1973, the Age Discrimination Act of 1975, the Americans with Disabilities Act, Section 1557 of the Affordable Care Act, and all other laws that apply to organizations that get Federal funding, and any other laws and rules that apply for any other reason.

GlobalHealth, Inc. complies with applicable Federal civil rights laws and does not discriminate on the basis of race, color, national origin, age, disability, or sex. GlobalHealth does not exclude people or treat them differently because of race, color, national origin, age, disability, or sex.

GlobalHealth:

- Provides free aids and services to people with disabilities to communicate effectively with us, such as:
 - Qualified sign language interpreters
 - Written information in other formats (large print, audio, accessible electronic formats, other formats)
- Provides free language services to people whose primary language is not English, such as:
 - Qualified interpreters
 - Information written in other languages

If you need these services, contact the Compliance Attorney.

If you believe that GlobalHealth has failed to provide these services or discriminated in another way on the basis of race, color, national origin, age, disability, or sex, you can file a grievance with: ATTN: Compliance Attorney, 701 NE 10th St, Ste. 300, Oklahoma City, OK 73104-5403, Fax: (405) 280-5894, or E-mail: compliance@globalhealth.com.
