## **Oklahoma HMO Expands Provider Network with McAlester Regional Health Center**

*GlobalHealth members and prospective members in Southeast Oklahoma have more provider choices, expanding their high-quality healthcare options*

**MCALESTER, Okla.** – GlobalHealth, an Oklahoma-based health maintenance organization (HMO), recently announced a new partnership with McAlester Regional Health Center (MRHC). This new provider agreement offers increased access to additional high quality, affordable healthcare services to Oklahomans in Pittsburg, Muskogee, McIntosh, Pushmataha, Hughes and Haskell counties.

“This partnership is important as it provides expanded access to care for our members and prospective members in Southeast Oklahoma,” said Scott Vaughn, GlobalHealth president and CEO. “We are excited about our partnership with MRHC and look forward to working together with a continued focus on improved health outcomes.”

Located at 1 Clark Bass Boulevard in McAlester, MRHC offers a full range of services to provide a continuum of quality care. The campus includes nearly 30 services, ranging from general practice and specialty areas like family practice, cardiology, gastroenterology, pulmonology and women’s health, to clinics, home health, hospice and rehabilitation services.

“We are pleased to partner with GlobalHealth and have the opportunity to serve their members within our health center,” said David Keith, MRHC CEO. “Our mission to provide high quality, cost-effective healthcare service is mirrored by GlobalHealth’s mission to deliver the best healthcare coverage in the industry. This is a win-win for all involved, especially our patients.”

### **About GlobalHealth**

GlobalHealth is changing health insurance in Oklahoma. As an industry leader, GlobalHealth is an Oklahoma-based health maintenance organization covering more than 44,000 individuals in all 77 Oklahoma counties. Working proactively with each member, GlobalHealth engages a personalized management plan to address their specific needs and ensure the best possible health outcomes. GlobalHealth utilizes cutting edge, predictive data technology as a foundation to deliver improved healthcare as part of its commitment to making health insurance more

affordable. Its membership includes state and education employees, federal employees, municipal employees and Medicare Advantage members. GlobalHealth employs more than 250 associates throughout Oklahoma. To learn more, visit [www.GlobalHealth.com](http://www.GlobalHealth.com).
