GlobalHealth receives Oklahoma’s highest health plan rating for second straight year

Oklahoma-based health insurance provider earns 3.5 out of 5 NCQA ranking; highest score earned in the state for commercial health plans

OKLAHOMA CITY – GlobalHealth, an Oklahoma-based health insurance provider, was recently recognized as the only commercial health plan in Oklahoma to receive a 3.5 out of 5 rating (the highest rating in the state) by the National Committee for Quality Assurance (NCQA) Private Health Insurance Plan Ratings 2018-2019. With this score, GlobalHealth, a NCQA Accredited Health Plan, retains its position as the highest-rated commercial health plan in the state for the second straight year.

“It is an honor to receive this recognition from NCQA and it reflects our mission to deliver the best healthcare coverage in the industry,” said Scott Vaughn, GlobalHealth president and CEO. “Last year, we received a 3 out of 5 rating for our commercial plans, so for NCQA to acknowledge our continued improvement in providing quality, affordable healthcare to our members by giving us a 3.5 out of 5 rating this year, it is something we truly want to celebrate.”

Health plans were rated in three categories, including measures of clinical quality, measures of consumer satisfaction and results from NCQA’s review of a health plan’s health quality processes.

National Committee for Quality Assurance (NCQA) is a private, nonprofit organization dedicated to improving health care quality. NCQA accredits and certifies a wide range of health care organizations and recognizes clinicians in key clinical areas. NCQA's HEDIS® is the most widely used performance measurement tool in health care. NCQA's website (www.ncqa.org) contains information to help consumers, employers and others make informed health care choices.

About GlobalHealth
