CHOOSE A PRIMARY CARE PHYSICIAN (PCP).

When you enroll, you choose a PCP from the GlobalHealth provider network. Each member of the family may choose a different PCP, including a pediatrician for children. You may change your PCP selection at any time throughout the year. Your PCP change will be effective the same day. If you need to see a PCP before you receive your new member ID cards, contact Customer Care.

Find a PCP fast.

Check your Physician & Health Providers Directory or visit www.GlobalHealth.com/fehb and click "FIND A PROVIDER"

Always start with your PCP.

Always unlimited \$0 copay.

Your PCP will coordinate and manage your medical care including preventive care & referral requests if specialty care is necessary. Do not make your appointment with the specialist until you receive the authorization letter. The specialist may request referrals for procedures and follow up care after the initial visit. For same-day urgent care needs, call your PCP if during normal office hours. After office hours, you have two options. You can call the number on your member ID card for your primary care physician. Your primary care physician's answering service will take your name and phone number. Your primary care physician will call you back. You will be given medical direction at that time, which may include directing you to an urgent care facility. You may also self-refer to an in-network urgent care facility. For a list of facilities, please refer to the GlobalHealth Physician & Health Providers Directory, also available online at www.GlobalHealth.com/fehb. A referral is not required for specific self-referral services.

Hospital visits require referrals.

A referral and preauthorization from GlobalHealth are required for scheduled stays. You may only go to a hospital in the network except in an emergency. You do not have to obtain preauthorization for emergency services. If you obtain other services without an authorized referral, you will be responsible for the costs.

Emergency Care.

Let your PCP & GlobalHealth know within 48 hours of being seen. We may arrange to transfer you to an in-network hospital if you are admitted to an out-of-network hospital from the ER.

YOU MAY SELF REFER FOR THE FOLLOWING SERVICES.

You do not need preauthorization from GlobalHealth or from your PCP in order to obtain in-network care for the services below. Please refer to the FEHB Brochure for coverage and limits.
