NOTICE OF PRIVACY PRACTICES

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS INFORMATION. PLEASE REVIEW IT CAREFULLY.

GlobalHealth is committed and required to protect the privacy and confidentiality of our Members' Protected Health Information ("PHI") in compliance with applicable federal and state laws and regulations, including the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Health Information Technology for Economic and Clinical Health ("HITECH") Act. This HIPAA Notice of Privacy Practices (the "Notice") contains important information regarding your PHI. Our current Notice is posted at www.globalhealth.com.

GlobalHealth is required by law to provide you with this Notice of our legal duties and privacy practices, to notify you following a breach of unsecured PHI, and to abide by the terms of this Notice currently in effect. We reserve the right to change the terms of this Notice and our privacy practices. Any revised Notice will apply to all PHI we maintain, including PHI we created or received before the change, as allowed by 45 C.F.R. §164.530(i)(2)(ii). If material changes are made to this Notice, GlobalHealth will (a) prominently post the revised Notice on our website by the effective date of the change, and (b) provide the revised Notice, or information about the material change and how to obtain the revised Notice, in our next annual mailing to individuals then covered by the plan, as required under 45 C.F.R. §164.520(c)(1)(v)(A).

Appointment Reminders. We may use and/or disclosure your PHI to contact you as a reminder

that you have an appointment for treatment or medical care. This may be done through direct mail, email, or telephone call. Other forms of outreach, including, but not limited to, text messages, emails, and telephone calls, will be used only if you have provided us with written consent to receive such communications If you are not home, we may leave a message on an answering machine or with the person answering the telephone.

Limited Data Set. A "limited data set" is health information from which certain direct identifiers (such as your name, address, Social Security number, telephone number, email address, and other information that can directly identify you) have been removed, as permitted under HIPAA. A limited data set may still include information such as dates of service, city, state, ZIP code, and other non-direct identifiers needed for analysis or operational purposes. If we use your PHI to make a "limited data set," we may give that information to others for purposes of research, public health action or health care operations. The individuals/entities that receive the limited data set must enter into a Data Use Agreement which require them to take reasonable steps to protect the privacy of your information.

Substance Use Disorder Patient Records. To the extent that we have your substance use disorder patient records, subject to 42 CFR part 2, we will not share that information for investigations or legal proceedings against you without (1) your written consent or (2) a court order and a subpoena.

Most uses and disclosures of psychotherapy notes (where appropriate), uses and disclosures of PHI for marketing or fundraising purposes, and disclosures that constitute a sale of PHI require your written authorization. The information authorized for release may include records which may indicate the presence of a communicable or non-communicable disease required to be reported pursuant to State law.

Your Health Information Rights

Right to Inspect and Copy
You have the right to inspect and copy your PHI as provided by law. This right does not apply to psychotherapy notes. Your request must be made in writing. We have the right to charge you the amounts allowed by State and Federal law for such copies. We may deny your request to inspect and copy your records in certain circumstances. If you are denied access, you may appeal to our Privacy Officer.

Right to Confidential Communication
You have the right to receive confidential communication of your PHI by alternate means or at alternative locations. For example, you may request to receive communication from us at an alternate address or telephone number. Your request must be in writing and identify how or where you wish to be contacted. We reserve the right to refuse to honor your request if it is unreasonable or not possible to comply with.

Right to Accounting of Disclosures
You have the right to request an accounting of certain disclosures of your PHI to third parties, except those disclosures made for treatment, payment, or health care or health plan operations and disclosures made to you, authorized by you, or pursuant to this Notice. To receive an accounting, you must submit your request in writing and provide the specific time period requested. You may request an accounting for up to six (6) years prior to the date of your request (three years if PHI is an electronic health record). If you request more than one (1) accounting in a 12-month period, we may charge you for the costs of providing the list. We will notify you of the cost and you may withdraw your request before any costs are incurred.

Right to Request Restrictions on Uses or Disclosures
You have the right to request restrictions or limitations on certain uses and disclosures of your PHI to third parties unless the disclosure is required or permitted by law. Your request must be made in writing and specify (1) what information you want to limit; (2) whether you want to limit use, disclosure, or both; and (3) to whom you want the limits to apply. We are not required to honor your request. If do we agree, we will make all reasonable efforts to comply with your request unless the information is needed to provide emergency treatment to you or the disclosure has already occurred or the disclosure is required by law. Any agreement to restrictions must be signed by a person authorized to make such an agreement on our behalf.

Right to Request Amendment of PHI
You have the right to request an amendment of your PHI if you believe the record is incorrect or incomplete. You must submit your request in writing and state the reason(s) for the amendment. We will deny your request if: (1) it is not in writing or does not include a reason to support the request; (2) the information was not created by us or is not part of the medical record that we maintain; (3) the information is not a part of the record that you would be permitted to inspect and copy, or (4) the information in the record is accurate and complete. If we deny your amendment request, you have a right to file a statement of disagreement with our Privacy Officer.

Right to Be Notified of a Breach
You have the right to receive notification of any breaches of your unsecured PHI.

Right to Revoke Authorization
You may revoke an authorization at any time, in writing, but only as to future uses or disclosures and not disclosures that we have made already, acting on reliance on the authorization you have given us or where authorization was not required.

Right to Receive a Copy of this Notice
You have the right to receive a paper copy of this Notice upon request.

Thirdparty apps and the FTC

Please be advised that most Third-Party App's will not be covered by HIPAA. Most apps will instead fall under the jurisdiction of the Federal Trade Commission (FTC) and the protections provided by the FTC Act. The FTC Act, among other things, protects against deceptive acts (e.g., if an app shares personal data without permission, despite having a privacy policy that says it will not do so). If you have any concerns regarding the use of Third-Party App's and your information you may contact the Federal Trade Commission (FTC) and file a complaint at https://reportfraud.ftc.gov/#/.
